Spring 2018 Test Analysis Follow-Up Courses

Below are the schedules for the Spring 2018 SAT and ACT Test Analysis Follow-Up courses. These classes are only available to students who have previously taken the Higher Standards Comprehensive Prep Course. The extension classes allow students to hone & improve upon the skills they were previously taught. Prior to most extension class sessions, students will complete & mark a full-length practice test that will then be reviewed and analyzed in class in order to identify weak areas on which to focus, so that students' skills continue to grow as they take subsequent practice tests. Note that classes are spaced two or three weeks apart, so students who are simultaneously enrolling in both the SAT and ACT courses will be able to spread out their homework to focus on just one test per week.

IMPORTANT NOTES: One weekly after-school opportunity will usually be available for \$10 on a pre-scheduled date to view a makeup video of a missed class in the back part of Dr. & Mrs. Rothkopf's home in Kendall; as space will be limited, reservations to view videos will be taken in order of request. All live classes are slated to meet at the Hampton Inn. Minimum class size is 4 students. Homework & proper behavior are essential; students who repeatedly come to class unprepared or who disrupt class will be sent home, and on days when a practice test has been assigned for homework, completion of that test is a mandatory requirement for attendance. Possession of cell phones from the beginning to the end of a class session is prohibited; cell phones that are not placed in the cell phone box before class begins will be confiscated and held until parents retrieve the cell phone or until the following week's class, whichever comes first.

Higher Standards reserves the right to make changes to the above if necessary.
